### 3.1 (c) (3)

#### HOUSING FACILITIES, GENERAL.

Sec. 3.1 Housing facilities, general.

(c) Surfaces-

(3) Cleaning. Hard surfaces with which the dogs or cats come in contact must be spot-cleaned daily and sanitized in accordance with Sec. 3.11(b) of this subpart to prevent accumulation of excreta and reduce disease hazards.

-The interior of the 3 kennel buildings had an accumulation of dirt, oils and debris on the walls and supporting structures of the enclosures. The owner needs to properly clean the interior of the kennel buildings in a manner that keeps the dogs safe from the cleaning solutions and removes the accumulation of oils, dirt and debris. This is necessary for the health of the animals.

This affects 48 dogs

To be corrected by 20 August 2009
